Denver's Road to Health and Denver Parks & Recreation Membership

Road to Health is a Program offered by Denver Parks and Recreation and Denver's Road to Health Affiliates. The purpose of this program is to encourage individuals who are transitioning from being homeless to utilize Denver's recreation centers to improve their health and well-being. The intent of these memberships is for individuals – working with a case manager or as part of a program – to have the opportunity to practice safe and healthy activities in a recreational environment, as part of their transition towards stability and independent living.

This letter is to invite you to take advantage of a special rate of **\$15 for a three (3) month membership** for unlimited access to Denver recreation centers. This special membership is not available to everyone, but rather to clients utilizing services provided by Denver's Road to Health affiliated agencies, who are encouraging and supporting these individuals to improve their health. Using a recreation center for activities such as lifting weights, swimming laps, walking/running on treadmills or using other cardio equipment, and recreating in gymnasiums, all work to benefit your health. We hope that by offering this special program, you will take full advantage of the recreation resources available to you as a resident of Denver.

To be eligible for this special program, please bring \$15 and this letter **completed and signed by your case worker** into one of the participating recreation centers listed here:

Glenarm Recreation Center	2800 Glenarm Place, 303.295.4474
